

COVID-19 Measures per 29 September 2020

- 01** Upon arrival, each guest or visitor needs to stop by our front desk for a healthcheck and registration
- 02** All guests/visitors are requested to wear a mouth mask in all general areas of the hotel. Our long-stay guests and staff are excluded from this rule, because they are part of our 'household' and follow strict instructions
- 03** The maximum capacity of our restaurant is 30 persons
- 04** We do not accept reservations/bookings of 5 or more persons
- 05** It is not allowed to visit our guests with more than 2 persons (except children up to 12 years old). During your visit we ask you to stay in the hotelroom, or book one of our meetingrooms, to minimize contact with our other guests. Please note; roomservice will be available
- 06** If you are traveling from an area or country that is categorized with code red or orange in relation tot COVID-19, unfortunately we cannot allow you to enter our hotel. Because of our special concept, we have very vulnerable guests in our hotel whom we must protect at all times

**Please take care of each
other and stay safe!**
